Subject: Approved of Amended Notice of Intention to Conduct Small Mine Activities, Chew's Flagstone, S/047/0061, Uintah County, Utah

Dear Mr. Chew:

The Division of Oil, Gas and Mining finds your amended Notice of Intention to Commence Small Mining Operations (Notice) complete and approves the reclamation surety for the Chew's Flagstone mine. You are now permitted to conduct mining activities as outlined in the Notice. The approval or acceptance of a complete notice of intention does not relieve an operator from his responsibility to comply with the applicable statutes, rules, regulations, and ordinances of all local, state and federal agencies with jurisdiction over any aspect of the operator's mining operations. Enclosed please find a copy of the reclamation contract and stamped approved Notice.

The Division's web page at <http://ogm.utah.gov> under the Minerals Program has a link to the rules under which you are expected to operate and to other information to assist you in complying with program requirements. Thank you for your cooperation. In reply, please refer to file number S/047/0061. Please contact April Abate at 801-538-5214 or me at 801-538-5261 if you have questions or concerns regarding this approval.

Sincerely,

Paul B. Baker  
Minerals Program Manager
